DOUBLE CURVED MARBLE STAIRCASE

Technician:
Helder Ferreira
Kryptonite Stone Works

Marble staircase with vein-matched treads and risers?

Kryptonite Stone Works has the experience and tools to take on and complete these projects!

Accurately and efficiently measure stairs with Flexijet without the need for tedious piece-by-piece work.

Use FlexiCAD's Stair features to turn measurements into cut files.

And measure in 2D, but visualise the results in 3D to see the whole project together!
